

Dear Parents,

Greetings..

I am not a product of my circumstances, I am a product of my own decisions

Stephen Covey

- 1) We appreciate and thank parents for encouraging their ward to attend offline classes. Due to pandemic adversity, we as school and parent have to take little more initiative in filling the learning gaps. During offline classes, we are exactly getting to know the students learning lacuna. Certainly yes, we are also working towards filling the learning gaps wherever possible and also revisiting on the syllabus. Especially for grades (I to V), we are reworking on the syllabus, assessments and evaluation pattern.
- 2) Initially, we thought of continuing with only online classes for grades I to IV due to pandemic uncertainty. Later, because of Government instructions and 80% parent' acceptance and encouragement towards offline classes, we started even for primary children. Physical class students' strength is increased to 95%. Teachers are also finding difficulty in conducting both online and offline at the same time. Concentrating and giving attention to students in the physical class is becoming **more challenging**. We are finding alternative solution for online classes which will be intimated soon.
- 3) 13-Nov-2021 (Saturday) holiday on account of Children's Day .
- 4) 13-Nov-2021 (Saturday), Half Yearly Examination Results declaration through online. Please check school app after 12.30 pm.
- 4) On account of Grade X – Term -01 exams which shall be commencing from 25 Nov 2021, Grade I to IV Students will have **only ONLINE CLASSES** on the below mentioned dates. **25-Nov-2021 / Thursday, 29-Nov-2021 – Monday, 30- Nov – 2021 – Tuesday.**
- 5) All Saturdays till January 01st, 2022 will be holiday.
- 6) We are also planning to increase the school timings up to 3.00 pm. Decision is not yet finalized because of conducting both online and offline challenges.
- 7) Periodic Assessment -02 Date sheets are uploaded in the school App. Kindly Check.
(As 95% of students are attending offline classes, even PA -02 is planned in offline mode). We are finding an alternative PA -02 mode of exam for 05% students attending online. Circulars are uploaded in school app. **Not seeing the uploaded circulars in school app or information sent through whatsapp is not an excuse.**

Thank you,

Warm regards,

Team SSVVK.
