Dear Parents, ...Greetings..

"You cannot change your future, but you can change your habits, and surely your habits will change your future."

Dr. APJ Abdul Kalam.

Assessments are an integral part of a student's learning curve as it helps to gauge their understanding of the concepts. Teachers are conducting short assessments during the classes and also weekly tests to assess the learning of the students. These assessments have been diagnostic in nature and have helped the teachers to revisit the concepts/topics where they felt that the students were facing difficulty.
