“Assessment is not about marks; it’s about understanding how we learn and how we can learn better.”

Dear Students & Parents,

As per the recent notification from **CBSE (Circular No. Acad-82/2025 dated 30th October 2025)**, the **Structured Assessment for Analyzing Learning (SAFAL KSA) 2025-26** will be conducted **digitally** during **November–December 2025** for students of **Grades VI and IX**.

SAFAL is a **competency-based assessment** introduced under the **National Education Policy (NEP) 2020** to analyze learning levels and improve teaching–learning quality. Please note the following important points:

1. SAFAL is **not an examination or competition**. It is a diagnostic tool to identify strengths and areas of improvement.
2. **No extra preparation or coaching** is needed. Classroom learning is sufficient.
3. The assessment will be conducted **digitally at the school** under teacher supervision.
4. Students must participate sincerely and maintain integrity during the assessment.

The **tentative schedule** for the digital assessment is as follows:

| Grade | Subject | Tentative Dates |
|-------|-------------|-----------------------|
| IX | Language | 10 & 11 November 2025 |
| | Mathematics | 12 & 13 November 2025 |
| | Science | 17 & 18 November 2025 |
| VI | Language | 24 & 25 November 2025 |
| | Mathematics | 26 & 27 November 2025 |
| | EVS | 1 & 2 December 2025 |

We encourage all students to take this assessment positively, as it helps us understand how effectively classroom learning is being implemented.

Warm Regards,
Team Vidyamanya
